Regional GIS Metadata Working Group

Thursday, March 13, 2014

10:00 am – 11:00 am [went until 11:30]

SANDAG Conference Room 7

Attendees:

John Hofmockel (SANDAG)

Brad Lind (SanGIS)

Louise Wedley (SanGIS)

Melanie Casey (County of San Diego)

Agenda

1. SanGIS Recommendations Spreadsheet Critique
2. Domains
3. Metadata Custom Stylesheet Status
4. Date-of-Data Metadata Element

Sorry for the sketchy notes. These notes mostly just documenting the attendees.

Thumbnails will be required.

Louise will investigate two options for domain data (i.e. coded values): the **Overview Description – Summary text box** and the **Definition field**.

John has made progress on customizing a stylesheet. The demo failed. He could not remote into his machine from the conference room. But, the stylesheet is not far enough along anyway.

We discussed dates again. Resource Publication Date? SanGIS Spatial Data Warehouse PubDate? Downloads page PubDate? Brad and Louise will discuss further and report back next meeting.

Temporal dates (i.e. date ranges) will be an option for date-of-the-data.

Next meeting March 26 at SANDAG.
